2024 The 7th International Conference on Knowledge Management Systems

The aim as well as objective of ICKMS 2024 is to present the latest research and results of scientists working in the fields related to Information System and Data Mining. This Symposium provides opportunities for the delegates to exchange new ideas and application through face-to-face discussions, to establish business or research relations and to find global partners for future collaborations.

All submissions will be peer reviewed by 2-3 reviewers, and the accepted papers will be recommended to published in International Journal of Knowledge Engineering (IJKE) (ISSN: 2382-6185).

Indexed by: Google Scholar, Crossref, ProQuest.
